

My name is Krista Podolny and I am an Early Childhood Education major with a concentration in Social Sciences. My portfolio contains artifacts that serve to demonstrate my work and what I have learned throughout my educational journey at SUNY Cortland. All of my work correlates with and demonstrates my understanding of the National Association for the Education of Young Children (NAEYC), and the New York State Common Core Learning Standards. Please feel free to explore the work assembled here and if you have any questions or comments feel free to contact me directly at: [krista.podolny@cortland.edu](mailto:krista.podolny@cortland.edu)  
Thank You!

### **The purpose of this portfolio**

1. To create an open, sharing community for my fellow SUNY Cortland students and provide a medium to be evaluated by my EDU 315 Professor.
2. Have a forum for creation, sharing and reflection on the intentional integration of technology in teaching and learning environments.
3. To highlight some of my many skills as a teacher candidate. This website/ ePortfolio is intended for professional presentations, job interviews, and for sharing samples of your instructional design.
4. To create authentic learning activities, resources, references to materials and ideas that can be used in the classroom that promotes the goals of the NY State Common Core Standards, my personal teaching philosophy and NAEYC standards.
